Emergency department triage: an ethical analysis

Morality - Wikipedia
Morality (from Latin: moralitas, lit. 'manner, character, proper behavior') is the differentiation of intentions, decisions and actions between those that are distinguished as proper (right) and those that are improper (wrong). Morality can be a body of standards or principles derived from a code of conduct from a particular philosophy, religion or culture, or it can derive from a standard

Euthanasia - Wikipedia
Euthanasia (from Greek: εὔθανασία 'good death': εὖ, eu 'well, good' + θάνατος, thanatos 'death') is the practice of intentionally ending life to relieve pain and suffering.. Different countries have different euthanasia laws. The British House of Lords select committee on medical ethics defines euthanasia as "a deliberate intervention undertaken with the express intention of
